

2012 International 10 Year anniversary INSPIR Conference Iasi – Romania

At the International INSPIR Pulmonary disease medical conference RCHF was represented by Brian Douglas and Freddie Michell from England in September 2012. This year's special 10 year anniversary event was hosted at the newly built Palace conference center in Iasi which is close by the Palace of Culture.

The whole conference sessions over the past 10 years are a credit to Prof Dr Traian Mihaescu and his dedicated team of specialist in pulmonary disease that RCHF has proudly collaborated with in Tuberculosis prevention for many years now.

At this years conference invited speakers included Prof Enrico Clinii from Milan Italy and Prof Peter Davis from Liverpool university Hospital who is also the Secretary of the UK national TB Alert charity.

Presentation of MR Mouse RCHF hygiene educational book at INSPIR 2012.

Brian Douglas provided a speech and PowerPoint presentation titled 10 years of a positive collaboration on TB reduction including the charitable work of RCHF along with a presentation of the RCHF learning tools which include an interactive TB prevention board game for young people and animated Mr. Mouse Hygiene book amongst other learning tools used by RCHF in public health education.

Dr Marius Dumitru from Bucharest spoke about Living together and breathing together in his presentation about Tuberculosis amongst many other speakers. Prof Dr Cristian Didilescu from Bucharest spoke of deaths in Romanian from Tuberculosis and Dr Adriana Sorete-Abore on the subject of Multi drug resistant ever increasing TB cases in North East Romania.
