Children gain the best start in educational life with the exceptional Timmie mouse range of easy learning books and learning cards. These educational aids are now in just about every kindergarten in Suceava County and a few in Botosani County also. Weekly RCHF delivers these free learning tools to kindergartens and schools, plus they are used in hospitals in Iasi and Bucharest too in TB wards to help children who lose valuable school time when ill and in hospital. New additions to the project are on the way and this will compliment the current range of Timmie products.
