With the lifting of military restrictions on movement we were able to move around easier and cover not only Iasi and Botosani but Suceava County as well. The grow your own garden vegetable seeds arrived and we were able to gain many needy families who again will benefit from growing their own vegetables and salad produce for their kitchen tables. We also made a huge surprise for children in a Suceava County orphanage with well deserved treats amongst lots of other work with food aid and counselling of the poor.
